VolunteerBridge

VOLUNTEER GUIDE

HOW TO LOG IN, FIND YOUR TASKS, AND MARK THEM DONE

VERSION 1.0

GROUP 4 TECHCRUSH CAPSTONE PROJECT

MARCH 2026.

1.0 INTRODUCTION

Welcome to VolunteerBridge

VolunteerBridge is the platform your NGO uses to manage volunteer work. Instead of looking for your tasks in a WhatsApp group, everything is in one place as your account shows you exactly what you need to do, by when, and lets you update your progress instantly.

NB: This guide will walk you through everything in simple steps. You do not need any tech experience.

You will learn how to:

- Create your volunteer account
- Log in and find your tasks
- Update your task progress
- View your profile and contribution history
- Understand your notifications

2.0. GETTING STARTED

2.1. Accessing the Platform

- VolunteerBridge runs in any modern web browser. No installation is required.
- Your NGO coordinator will share a link with you to register on VolunteerBridge. This is a one-time process.

1. Open the registration link**:** Click the link your coordinator sent you. It will open the VolunteerBridge registration page in your browser.
2. You will see the Welcome Page**:** Click on 'Get Started (Volunteer)' as illustrated in the Figure 2.1. below.

Figure 2.1.

Click on 'Get Started (Volunteer)'.

2.2. Signing up

1. To sign up, enter your name, email address, phone number, password, and skills (e.g. Graphic Design, Product Design, IT, Logistics, Teaching, Healthcare).
2. Click on 'Sign up' as shown in Figure 2.2. below.
3. Alternatively, you can sign up via Google and follow the subsequent steps.
4. After signing up, your account is created immediately. You will be taken to your task dashboard.

NB: Use an email address you check regularly. You will receive task notifications via this email.

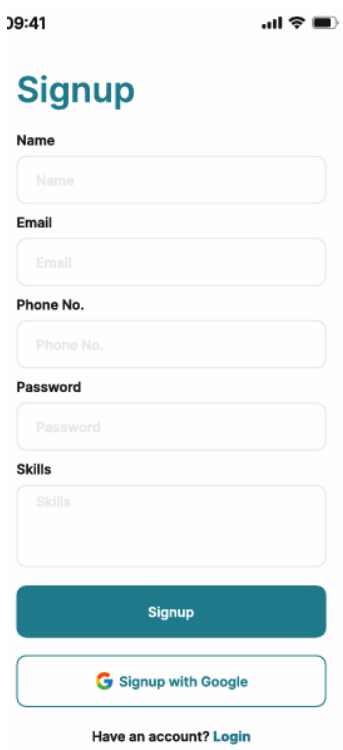

Figure 2.2.

2.3. Logging in

To log in,

1. Go to the VolunteerBridge website**:** Open the app in your browser.
2. Enter your email and password: Use the same details you registered with.
3. Click Login **(**as shown in Figure 2.3. below)**:** You are taken directly to your personal task dashboard.
4. Alternatively, you can log in via Google and follow the subsequent steps.

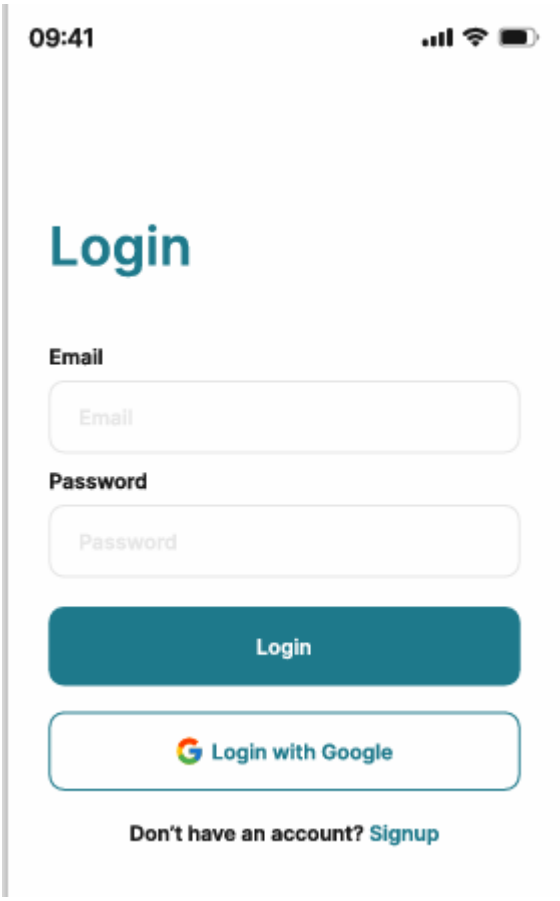

Figure 2.3.

NB: Your account automatically logs out after 24 hours for security. If you see 'Your session has expired', simply log in again, none of your data is lost.

3.0 UNDERSTANDING YOUR DASHBOARD

3.1. Your Dashboard

When you log in, you land on your volunteer dashboard. This is your personal home page on VolunteerBridge.

Your dashboard shows:

- Your tasks: everything assigned to you that still needs to be done
- The status of each task: Pending, Progress, or Done.
- The project each task belongs to.
- You decide whether you would be available for a project by clicking on the dropdown menu on the top right part of the screen which brings two options; Available and Unavailable.
- Find attached Figure 3.1. below for more understanding.

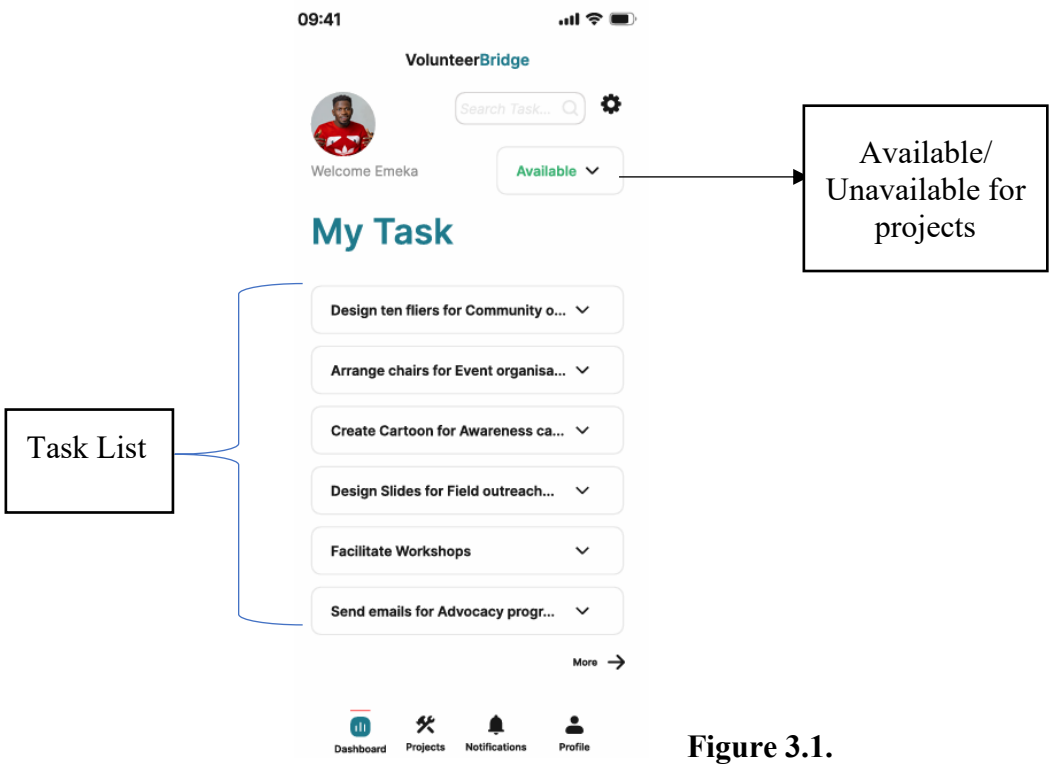

Figure 3.1.

NB: The dashboard only shows YOUR tasks. You cannot see tasks assigned to other volunteers.

3.2. Finding and Reading Your Tasks

1. Look at the task list (as illustrated in Figure 3.1. above): Your dashboard shows all tasks assigned to you.
2. Click a task name (Each task shows the task name): This opens the task detail page, where you can read the full description encompassing Task Name, Project name, Due Date, estimated hours, Status as shown in Figure 3.2. below.

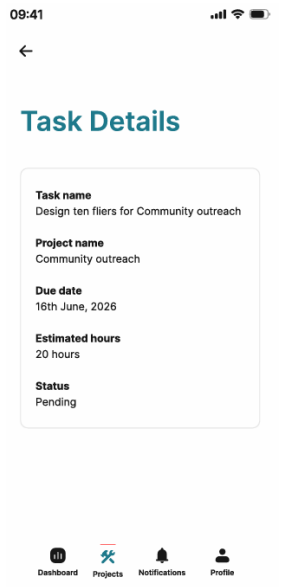

Figure 3.2.

NB: If you have a question about what a task requires, reach out to your coordinator directly. VolunteerBridge does not currently have an in-app messaging feature.

3.3. Updating Your Task Status

Updating your task status is the most important thing you do on VolunteerBridge. It tells your coordinator what you are working on without them having to message you.

There are three status options:

Pending	The task has been assigned to you but you have not started it yet. This is the default status.
Progress	You are actively working on this task. Update the status to Progress as soon as you begin.
Done	You have finished the task. Mark sit Done and your coordinator will be notified automatically.

3.4. How to Update a Task Status

1. To update a Task Status, click on the dropdown menu near each task and select applicable status (Pending, Progress or Done), as shown in Figure 3.4.1. and 3.4.2. respectively, below.

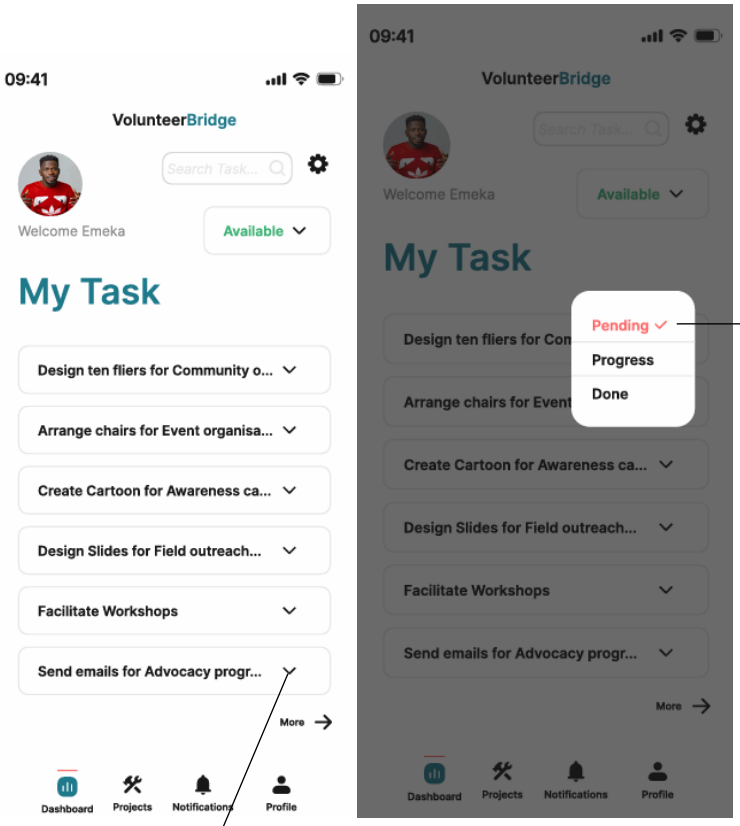

Figure 3.4.1.

Figure 3.4.2.

Task Status illustrating Pending, Progress and Done.

Click on the this 'Drop down menu' to view Task Status (Pending, Progress and Done).

NB: Update your status regularly. Even moving a task from Pending to Progress saves your coordinator from having to message you to check.

4.0. NAVIGATING THE 'PROJECTS' ICON

1. To navigate to Projects, Click on the 'Projects icon' in the taskbar as shown in Figure 4.1. below.
2. To view Project Details, click on each Project as illustrated in Figure 4.1. below.

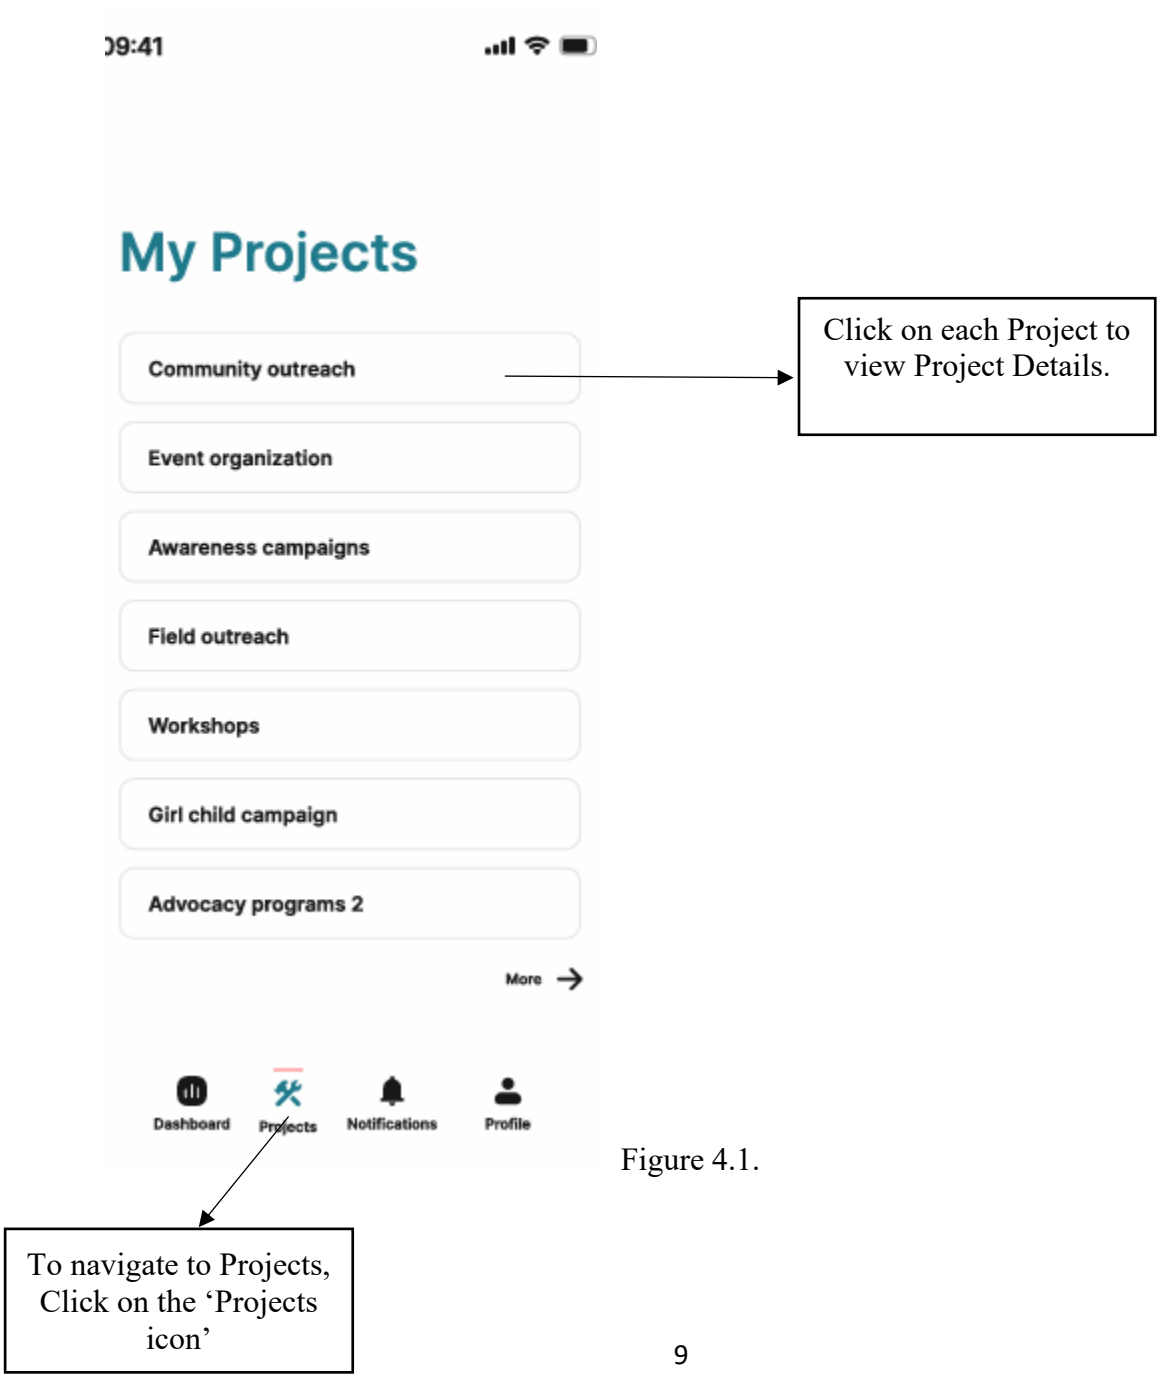

Figure 4.1.

3. The Project Details encompasses Project name and description, Your Assigned Tasks icon, Due Date, estimated hours, Status (Project Status), Task History, as shown in Figure 4.2. below.

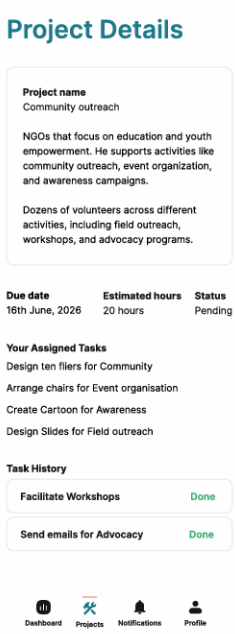

Figure 4.2.

5.0. NAVIGATING THE PROFILE ICON.

5.1. **Your Profile**

Your profile page shows a record of everything you have contributed to your NGO.

1. Click the profile icon: This is usually in the bottom navigation bar or a side menu.
2. Review your profile: You will see: your name, email, phone number, skills, total hours logged, contribution summary and a full task history of all tasks you have completed as shown in Figure 5.1. below.

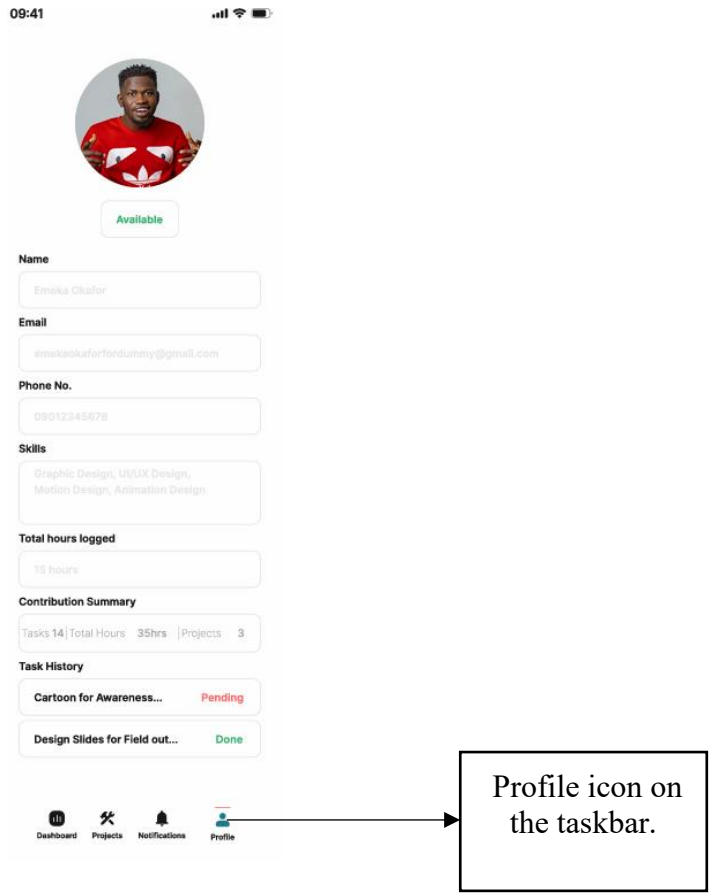

Figure 5.1.

NB: Your skills are shown next to your name in the admin's volunteer list. Keeping your skills up to date helps your coordinator match you to the right tasks.

- Volunteers cannot edit their own profiles. If any details need to be updated, such as your phone number or skills, ask your coordinator to update them for you.

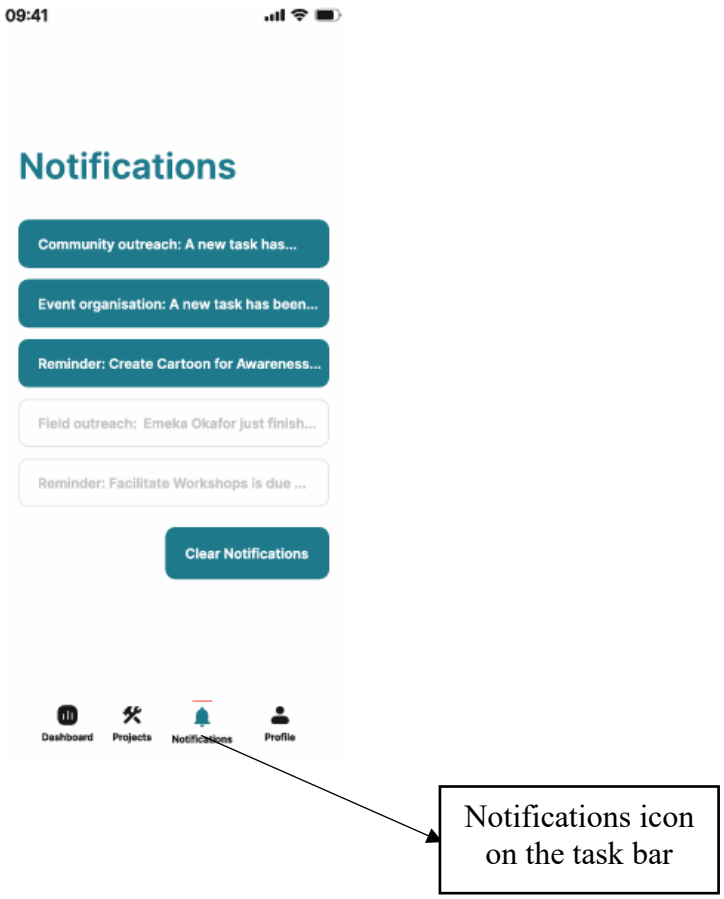
6.0. NAVIGATING THE NOTIFICATION ICON.

6.1. Notifications

VolunteerBridge will notify you automatically when something important happens. You receive a notification when:

- A new task is assigned to you.
- A task deadline is coming up.
- A reminder is being sent.

1. Look for the bell icon: It appears in the bottom navigation bar. A number badge shows how many unread notifications you have.
2. Click the bell icon: A panel slides open showing all your recent notifications.
3. Click a notification: It takes you directly to the relevant task.
4. Notifications appear on the screen as well as the 'Clear Notifications' icon as shown in Figure 6.1. below



7.0. NAVIGATING THE SETTINGS ICON.

1. To navigate the settings icon, click on a ‘settings icon’ on the top right area of the dashboard section as shown in Figure 7.1. below.

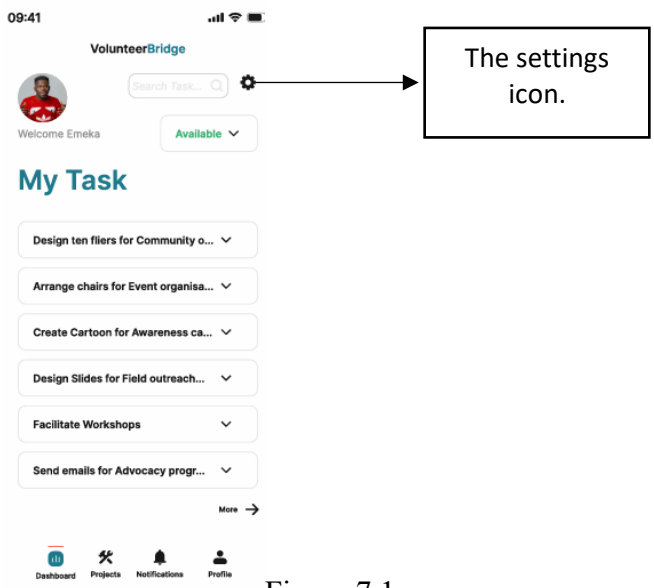


Figure 7.1.

2. The Settings section encompasses Dark mode/Light mode option, Notification Preferences, Account Settings, and Account Management as shown in Figure 7.2. below.

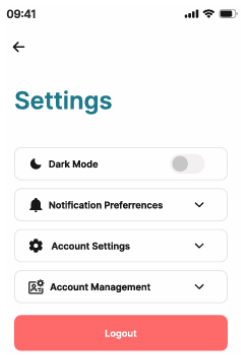

Figure 7.2.

8.0. FREQUENTLY ASKED QUESTIONS

Q: I can see a task but I did not expect to be assigned it. What should I do?
A: Contact your coordinator to clarify. Do not mark a task as Done unless you have actually completed the work.

Q: My task is no longer in my list. What happened?
A: Your coordinator may have re-assigned or removed the task. Check with them directly.

Q: Can I update my own skills or contact info?
A: Not directly. Ask your coordinator to update your profile for you.

Q: I am logged out every day. Is this normal?
A: Yes. Sessions expire after 24 hours for security. Simply log in again, your task progress is saved.

Q: I did not receive a notification when I was assigned a task.
A: Check your internet connection and refresh the page. Notifications may take a moment to appear after a task is assigned.

NB: Q stands for Question while A stands for answer.
